Position Description for Personal Training role at Xcentuate Personal Training

If you have received this information, it is because you have enquired about a personal training position with Xcentuate Personal Training.

About Us

Xcentuate Personal Training is an independent personal training company and has been in operation for over 6 Years. We currently have a team of Personal Trainers. We conduct 30 min, 45 min and 1 hour, Personal Training and group fitness sessions. Our business is located in Stones Corner on the Southside of Brisbane. We are boutique style personal training studio with an emphasis on being able to relate to our clients. We would say between our clients and trainers we are just one big family.

How our business operates

Our personal trainers are on a contract basis; this means that they are paid for the hours that they work. We have a performance based system that rewards people, quite simply the more hours you do, the more you get paid.

Our personal trainers operate like they are "running their own business, inside a business" and the successful ones treat it like it is their own business! That is, they train the clients that we provide them with, as well as having the ability to prospect additional clients.

When a new personal Trainer starts with us, they start with zero or a limited number of sessions, and then we quickly seek to build that trainer up with sessions. We shoot first, and then aim second. We have found through experience that this provides the best environment for a new team member to grow into the culture of XPT.

With this in mind, it is advised that all new PT's make themselves as available as possible in the beginning as it is not uncommon to be doing a 5:30am, 11am & 7pm PT session in the one day!

Of course, as our PT's get better, they are able to "clump" their session times. We have a strong team philosophy and are looking for people that want to move to the top of the personal training field as part of a successful and motivated group of individuals.

We have ongoing requirements including:

- Monthly team meetings and professional development workshops
- Complimentary initial PT sessions
- Effective communication to clients and head office via email and other technology
- Team outings and team building events

Experience

We are looking for PT's that have had experience in actually training clients. How much experience is not critical, what is critical is for you to have the willingness to learn and develop as part of a team. Of course, as we do start our PT's with "real life" clients, we need to guarantee that each PT is technically competent to be placed with that "real life, paying client"

Internship

We do run an internship program for PT's at XPT. This is for the personal trainer that is qualified, however not yet at the stage where they have the ability or feel comfortable training "real life, paying client". If you think that this program may suit you, then please advise us so we can provide further information.

Qualifications

We do require our PT's to be Certificate IV Qualified in fitness, have a current first Aid certificate and be registered with Fitness Queensland. In addition to this, our PT's need to be insured with public liability and professional indemnity.

Looking forward to hearing from you

If you believe that you fit into the category, please pursue the possibility of joining our great team!
